Folklore and Symbolism of Flowers, Plants and Trees Ernst Lehner,Johanna Lehner,2003-10-23 This profusely illustrated archive of more than 200 flowers plants and trees was compiled by two of the world s foremost collectors of pictorial symbols who also happen to be devoted flower enthusiasts Their comprehensive collection rendered from rare illustrations extends from ancient Chinese lotus buds to a basket of flowers in a 19th century Valentine silhouette Bouquets wreaths flowers of the months and other floral designs are also included In addition to providing a table summarizing the symbolic meanings of every known species from absinth to zinnia the authors explain the religious magical and legendary significance of such flora as the mandrake resurrection flower and mistletoe and trace the development of many horticultural images in heraldic devices emblems and symbols A visual treat for flower lovers this essential sourcebook for artists designers and folklore enthusiasts will also be of value to botanical and gardening specialists **Catalogue of the**

Lansdowne Manuscripts in the British Museum... British museum,1819 **Catalogue of the Lansdowne Manuscripts** British Museum Dept. of Manuscripts British Museum, **James VI and Noble Power in Scotland**

1578-1603 Miles Kerr-Peterson,Steven J. Reid,2016-12-19 James VI and Noble Power in Scotland explores how Scotland was governed in the late sixteenth century by examining the dynamic between King James and his nobles from the end of his formal minority in 1578 until his accession to the English throne in 1603 The collection assesses James relationship with his nobility detailing how he interacted with them and how they fought co operated with and understood each other It includes case studies from across Scotland from the Highlands to the Borders and burghs and on major individual events such as the famous Gowrie conspiracy Themes such as the nature of government in Scotland and religion as a shaper of policy and faction are addressed as well as broader perspectives on the British and European nobility bloodfeuds and state building in the early modern period The ten chapters together challenge well established notions that James aimed to be a modern centralising monarch seeking to curb the traditional structures of power and that the period represented a period of crisis for

the traditional and unrestrained culture of feuding nobility It is demonstrated that King James was a competent and successful manager of his kingdom who demanded a new level of obedience as a universal king This volume offers students of Stuart Britain a fresh and valuable perspective on James and his reign *Netherlandish Books (NB) (2 Vols.)* Andrew Pettegree, Malcolm Walsby, 2010-11-11 *Netherlandish Books* offers a unique overview of what was printed during the fifteenth and sixteenth centuries in the Low Countries This bibliography lists descriptions of over 32 000 editions together with bibliographical references an introduction and indexes It draws on the analysis of collections situated in libraries throughout the world This is the first time that all the books published in the various territories that formed the Low Countries are presented together in a single bibliography *Netherlandish Books* is an invaluable research tool for all students and scholars interested in the history culture and literature of the Low Countries as well as historians of the early modern book world Customers interested in this title may also be interested in *French Vernacular Books* edited by Andrew Pettegree Malcolm Walsby and Alexander Wilkinson **A Catalogue of the Lansdowne Manuscripts in the British Museum** British Museum. Department of Manuscripts, 1812 **Rome and the Counter-Reformation in Scandinavia: Jesuit Educational Strategy, 1553-1622** Oskar Garstein, 2021-11-22 In this volume the author completes his study of the period of the Counter Reformation between the years 1537 1622 On the basis of the original documents he reveals the underground work of the agents of the Counter Reformation in their attempt to entice eligible students from the far North to study at Jesuit colleges in Dorpat Vilna Braunsberg Prague Graz and Rome at the expense of the Holy See with a view to infiltrating them into the body politic of the Scandinavian kingdoms at all levels of society viz church school state bureaucracy In his analysis the author attempts to identify the students involved and trace their degree of success *Medicinal and Food Plants* Ernst Lehner, Johanna Lehner, 2006-01-01 Did you know that wild rice is not rice but a tall aquatic grass Did you know that the oldest known recipe for beer was found on a Babylonian cuneiform tablet created 3 800 years ago Did you know that in 1614 the City of London had 7 000 stores that sold tobacco From buckwheat to rye and from bananas to barley corn this fascinating reference offers a crisp pictorial record of the many foods on our tables today that emerged thousands of years ago in faraway lands A major portion of the book features scores of rare woodcut illustrations culled from ancient herbals and old manuscripts that enhance intriguing anecdotes about the origins of grains and coffee the odysseys of pineapples and peanuts and the mysteries behind such exotic plants as breadfruit pomegranates and poppies A second section includes a pictorial directory of various herbs spices and seeds and relates their therapeutic magical and nutritional uses An invaluable resource of royalty free images for commercial artists and hobbyists this illustrated sourcebook will delight anyone interested in the legendary and symbolic properties of food and medicinal plants **Plutarch in English, 1528-1603. Volume Two: Lives** Fred Schurink, 2020-12-04 Plutarch was one of the most popular classical authors in Renaissance England These volumes present nine Tudor and Stuart translations from his *Essays* and *Lives* with a General Introduction locating these

works in the context of Plutarch's wider influence in early modern England. They offer selections from two of the classics of English Renaissance translation: North's *Lives* (1579) and Holland's *Morals* (1603), the essays *On Reading the Poets* and *Talkativeness* and the *Lives of Demosthenes and Cicero and Caesar*. They also include editions of a number of less well-known but equally significant translations of individual Essays and Lives, one available in manuscript alone until now and several not reprinted since the sixteenth century: Thomas Wyatt's *The Quiet of Mind* (1528), Thomas Elyot's *The Education or Bringing up of Children* (1528/30), Thomas Blundeville's *The Learned Prince* (1561) and Henry Parker Lord Morley's *The Story of Paullus Aemilius* (1542/46/7). Detailed annotations trace how translators drew on and departed from Greek, Latin and French editions of Plutarch, while introductions to each of the works examine their impact on English Renaissance literature and culture. By presenting a wide range of translations from the Essays and Lives, the volumes bring to light the variety of translation practices and the different social, political and cultural contexts in which Plutarch was read and translated in Tudor and Stuart England.

1579 Book Review: Unveiling the Magic of Language
