literary and historical features The goal is not only to understand each section of the book of Genesis on its own but also to understand how each section contributes to the book as a unified narrative As each narrative section is explored and explained the presence of the Exodus motif or pattern and what will be referred to as the Two Goats motif will be highlighted As these motifs are understood in the context of the text of Genesis it will be seen how they contribute to the literary structure and to the tensions expectations and hope created by the book of Genesis
