Department of Manuscripts,1812 **Farmers' Bulletin** ,1941 *Spiritual Jurisdiction in Reformation Scotland* Green Thomas Green,2019-07-01 Thomas Green examines the Scottish Reformation from a new perspective the legal system and lawyers For the leading lawyers of the day the Scottish Reformation presented a constitutional and jurisdictional crisis of the first order In the face of such a challenge moderate judges lawyers and officers of state sought to restore order in a time of revolution by retaining much of the medieval legacy of Catholic law and order in Scotland Green covers the Wars of the Congregation the Reformation Parliament the legitimacy of the Scottish government from 1558 to 1561 the courts of the early Church of Scotland and the legal significance of Mary Stewart s personal reign He also considers neglected aspects of the Reformation including the roles of the Court of Session and of the Court of the Commissaries of Edinburgh *United States Code* United States,2018 *French Vernacular Books / Livres vernaculaires français (FB) (2 vols.)* Andrew Pettegree,Malcolm Walsby,Alexander Wilkinson,2007-11-30 This work offers for the first time a complete list of all books published wholly or partially in the French language before 1601 Based on twelve years of investigations in libraries in France the United Kingdom the United States Germany the Netherlands and elsewhere it provides an analytical short title catalogue of over 52 000 bibliographically distinct items with reference to surviving copies in over 1 600 libraries worldwide Many of the items described are editions and even complete texts fully unknown and re discovered by the project French Vernacular Books is an invaluable research tool for all students and scholars interested in the history culture and literature of France as well as historians of the early modern book world For vols III IV please go to French Books III IV **Sermons and Homilies Appointed to be Read in Churches** ,1833 **Computing Technologies and Applications** Latesh Malik,Sandhya Arora,Urmila Shrawankar,Maya Ingle,Indu Bhagat,2021-11-09 Making use of digital technology for social care is a major responsibility of the computing domain Social care services require attention for ease in social systems e farming and automation etc Thus the book focuses on suggesting software solutions for supporting social issues such as health care learning about and monitoring for disabilities and providing technical solutions for better living Technology is enabling people to have access to advances so that they can have better health To undergo the digital transformation the

current processes need to be completely re engineered to make use of technologies like the Internet of Things IoT big data analytics artificial intelligence and others Furthermore it is also important to consider digital initiatives in tandem with their cloud strategy instead of treating them in isolation At present the world is going through another possibly even stronger revolution the use of recent computing models to perform complex cognitive tasks to solve social problems in ways that were previously either highly complicated or extremely resource intensive This book not only focuses the computing technologies basic theories challenges and implementation but also covers case studies It focuses on core theories architectures and technologies necessary to develop and understand the computing models and their applications The book also has a high potential to be used as a recommended textbook for research scholars and post graduate programs The book deals with a problem solving approach using recent tools and technology for problems in health care social care etc Interdisciplinary studies are emerging as both necessary and practical in universities This book helps to improve computational thinking to understand and change the world It will be a link between computing and a variety of other fields Case studies on social aspects of modern societies and smart cities add to the contents of the book to enhance book adoption potential This book will be useful to undergraduates postgraduates researchers and industry professionals Every chapter covers one possible solution in detail along with results

The Proclamations of the Tudor Queens Frederic A. Youngs, 1976-09-02 This study investigates the independent prerogative which Mary I and Elizabeth I exercised through royal proclamations These public documents were announced throughout England informing men and arguing the Queen s positions commanding local officials to perform specific actions and on occasion creating new but temporary law that was designed to meet crisis situation when no delay could be tolerated The theoretical relationship between this prerogative power and the existing statutory law has been the subject of much debate This study adds an element previously neglected the investigation of the Queens actual use of the proclamations showing that they did innovate with vigour and legislate in them but only to supplement and not supplant the law and within the limits slowly being formulated in the sixteenth century Professor Youngs demonstrates how the proclamations affected domestic security and foreign affairs social and economic matters and religion
