The Hanse in Medieval and Early Modern Europe Justyna Wubs-Mrozewicz, Stuart Jenks, 2012-12-07 The Hanse in Medieval and Early Modern Europe discusses new research on this unique organization of towns and traders and places the findings in the broader context of European economic legal and social history Official Gazette of the United States Patent Office United States. Patent Office, 1923 Hitler's Priests Kevin Spicer, 2008-04-14 Shaken by military defeat and economic depression after War World I Germans sought to restore their nation's dignity and power In this context the National Socialist Party with its promise of a revived Germany drew supporters Among the most zealous were a number of Catholic clergymen known as brown priests who volunteered as Nazi propagandists In this insightful study Spicer unearths a dark subchapter in Roman Catholic history introduces the principal clergymen who participated in the Nazi movement examines their motives details their advocacy of National Socialism and explores the consequences of their political activism Some brown priests particularly war veterans advocated National Socialism because it appealed to their patriotic ardor Others had less laudatory motives disaffection with clerical life conflicts with Church superiors or ambition for personal power and fame Whatever their individual motives they employed their skills as orators writers and teachers to proclaim the message of Nazism Especially during the early 1930s when the Church forbade membership in the party these clergymen strove to prove that Catholicism was compatible with National Socialism thereby justifying their support of Nazi ideology Father Dr Philipp Haeuser a scholar and pastor went so far as to promote antisemitism while deifying Adolf Hitler The Führer's antisemitism Spicer argues did not deter clergymen such as Haeuser because although the Church officially rejected the Nazis extreme racism Catholic teachings tolerated hostility toward Jews by blaming them for Christ's crucifixion While a handful of brown priests enjoyed the forbearance of their bishops others endured reprimand or even dismissal a few found new vocations with the Third Reich After the fall of the Reich the most visible brown priests faced trial for their part in the crimes of National Socialism a movement they had once so earnestly supported In addition to this intriguing history about clergymen trying to reconcile faith and politics Spicer provides a master list verified by extensive research in Church and government archives of Catholic clergy who publicly supported National Socialism **The Jews in Sicily, Volume 15 Notaries of Trapani** Shlomo Simonsohn, 2009-03-25 This volume of the Documentary History of the Jews in Italy is the seventh of the second series illustrating the history of the Jews in Sicily based on notarial and court records It is the sequel to the eight volumes of the first series Notarial deeds drawn up by public notaries in Palermo and elsewhere and cases brought before the Pretorian Court in Palermo present a kaleidoscopic picture of the private lives of the Jews of Sicily during the last three centuries of their presence on the island They illustrate the economic social and religious history of the Jewish minority and the relations with the Christian majority Much information is provided on trade and commerce crafts and professions religious and family life Some light is thrown also on the internal life of the communities particularly the larger ones including organization and

institutions the synagogue education customs and traditions Although the surviving legal deeds present only a fraction of the total drawn up in those years they are copious and abundant Over 30 000 documents of this group were selected for publication most appearing here for the first time While some documents are discussed at length the majority are only presented in summary form The volume is provided with additional bibliography and indexes while the introduction will appear at the end of the series Simonshon s last volume confirms once again the importance of his documentary series for students of Italian Sicilian and Jewish matters from late antiquity to early modern times The coherence of both modes of collection and organization of materials together with copious amount of data and suggestions for further study continue to spoil scholars and researches who in years have come to immensely appreciate the convenience and richness of this comprehensive collection Lucia Finotto Brandeis University
